The University of Novi Sad, Faculty of Technical Sciences, the Danube University Krems together with the Budapest University of Technology and Economics is host of a conference, from 7th to 8th September 2021, on the Roman remains in the Danube Region, their archaeological and touristic value as well as their connecting power between modern nation states.

Based on the COVID-19 restrictions, the entire conference will take place online and is therefore open to all interested participants. The conference will end on 8th September 2021 at 15.00 CEST.

Conference registration

The conference will be streamed online and the virtual part is free to attend for all interested individuals. To join the conference online please register under the following link until 6th September 2021.
