# 2025

# Computational Methods for Electric Machines

Organizers  
Herbert Egger, RICAM & JKU  
Peter Gangl, RICAM

**School: Electric Machine Simulation | Oct. 6-10**

**Workshop 1: Advances in isogeometric analysis  
Oct. 13-17**

**Workshop 2: Advanced techniques for design  
optimization in engineering applications | Oct. 27-31**

**Workshop 3: Fast solvers for nonlinear time-  
dependent problems | Nov. 10-14**

**Workshop 4: Magnetic Material Modelling |  
Nov. 24-28**

**MSO-Industry Workshop | Dec. 10-12**
