

Non-Vitamin K-dependent oral anticoagulants (NOACs)
 POB/ PBM Seminar Austria/ Burgenland - Friedrichshof 08.-13.05.2022

Date	Day	Lecture
08.05.2022	Sunday	Arrival and Welcome Desk

Monday

09.05.2022	8:00 - 9:00	Introduction, Pre-Seminar
	09:00-09:45	European Training Requirements (ETR) & Competence-based medical education and training (CBMET)
	10:00-10:45	Factor XIII: physiology & pathophysiology
	11:00-11:45	PANEL Factor XIII: physiology & pathophysiology
	11:45-12:30	PANEL Factor XIII: in major orthopaedic surgery & neurosurgery
	12:30-13:15	PANEL Factor XIII: in major abdominal surgery & Peri-partum haemorrhage
	14:30 - 15:30	DUK CONSENSUS: Factor XIII - when to monitor & cut-off for replacement
	15:30 - 16:30	Non-Vitamin K oral anticoagulants (NOAC): Pharmacology
	16:30 - 17:30	Monitoring NOAC effects: Qualitative & quantitative , coagulation tests & clinical cut-off values

Tuesday

10.05.2022	8:00 - 9:00	NOAC: licensing trials, registries, real world data
	9:00 - 10:00	Monitoring NOAC effects: at the bedside, modified ROTEM / TEG & ClotPro
	10:30-11:30	PANEL: NOAC in daily practice considering risks in elderly
	11:30-12:30	PANEL: NOAC in daily practice considering risks in polypharmacy
	13:45-14:45	PANEL: NOAC in daily practice indications in cardiology
	14:45-15:30	PANEL: Bleeding management in patients on NOAC: in elective patients in general & regional anaesthesia
	15:30-16:15	PANEL: Bleeding management in patients on NOAC: with reversal & new antidots
	16:15-17:00	Case discussions Focus on Factor XIII, NOAC management
	17:00 - 18:00	DUK CONSENSUS: NOAC –perioperative bleeding management

Wednesday

11.05.2022	8:00 - 9:00	New coronary stents
	9:00 - 10:00	New anti-platelet agents (NAPA):pre-clinical & clinical trials
	10:30 - 11:30	NETosis: pathophysiology
	11:30-12:30	COVID-induced coagulopathy
	14:00-14:45	PANEL: Prophylaxis & therapy of COVID-induced thrombosis with argatroban, antiplatelet agents
	14:45-15:30	PANEL: Bleeding management in patients on NOAC: in trauma patients
	15:30-16:15	PANEL: Prophylaxis & therapy of COVID-induced thrombosis with LMWH
	16:45-17:30	Case discussions Focus on COVID management of thrombosis
	17:30-18:30	DUK CONSENSUS: COVID –coagulation management

Thursday

12.05.2022	08:00-08:45	PANEL: diversity & gender aspects, in volume therapy
	08:45-09:30	PANEL: diversity & gender aspects in coagulation & platelet testing
	10:00-10:45	PANEL: diversity & gender aspects in iron substitution
	10:45-11:30	PBM: Patient communication & empowerment
	13:00-14:00	PANEL: CBMET national experiences
	14:30-15:00	PANEL: CBMET teach the trainers (TTT)
	15:00-15:30	PANEL: CBMET professional development (PD)
	15:30-16:00	PANEL: CBMET in PBM in anaemia management
	16:00-16:30	PANEL: CBMET in bleeding management
	16:30-17:00	using artificial intelligence
	17:00 - 18:00	Case discussions, Focus on doctors education & training in PBM

Friday

13.05.2022	8:00 - 9:00	Requirements for multi-centre trials: PBM aspects
