

Usage and information sheet

Parking garage P04 Campus West

students

Entrance and exit

In the P04 Campus West garage, the license plate is automatically recognized by a camera system when entering, and the barrier opens automatically. If the car license plate is not registered, short-term parking is possible. In this case, the parking fees must be paid by the user.

General information on entrances and exits

- The garage parking regulations must be strictly observed. The instructions of the garage operator must be followed.
- Users of Universität für Weiterbildung Krems are required to park their cars in one of the parking spaces on levels 2 and 3.
- If the car license plate number changes, you must immediately inform DLE-FM via fm.helpdesk@donau-uni.ac.at.

It is important that any damage to this garage or its facilities caused by the user is immediately reported to the operator.

Kirchhofer Immobilien GmbH
Contact person: Christoph Kirchhofer
Phone number: +43 2732 70788

As operator, Kirchhofer Immobilien GmbH is responsible for the management and smooth operation of the system.

The drive-through height of the parking garage is 2.00 meters.

To ensure the safety of parkers, certain areas of the garage are monitored by video surveillance. It is important to note that this surveillance is primarily intended to protect against vandalism and theft and contributes to general safety.
