

Invitation

We would like to invite you to join the Digital Government Transformation MOOC that runs on Moodle Platform

The [Digital Government Transformation Massive Open Online Course \(MOOC\)](#) incorporates open lessons both on pre- and post- graduate level that offer to participants the opportunity to study high quality courses online. Furthermore, there is concern on education for company staff and entrepreneurship so that enterprises will train their employees in such a way that they can transform knowledge into practical applications. Consequently, the particular way of transmission of knowledge will lead to training provision of participants, by creation of high level of expertise on the area of **Electronic Government** and appliance of their principles in everyday life of citizens. The Digital Government Transformation MOOC was created by the [Gov3.0 ERASMUS+ Knowledge Alliance project](#).

The changes in the way public services are provided indicate distinct stages of the digital government evolution. The Digital Government Transformation MOOC will cover these stages from the basics of information systems (IS), through **Government 1.0** (digital transformation foundations) and **Government 2.0** (collaborative government) to **Government 3.0** (disruptive technologies in data-driven policy - making and public service).

The Digital Government Transformation MOOC includes **25+ modules** that are divided into five module groups:

1. Gov 1.0: Foundations of Digital Government
2. Gov 2.0: Digital Governance and Engagement
3. Gov 3.0: Towards data-driven and evidence-based decision and policy making
4. Ethics and soft skills
5. Entrepreneurship

Indicative modules of the Digital Government Transformation MOOC:

- | | |
|---|---------------------------------------|
| ✓ Digital Government and Service Innovation | ✓ Smart City Government & IoT |
| ✓ E-Democracy & E-participation | ✓ Augmented Reality & Virtual Reality |
| ✓ Machine Learning and Data Mining | ✓ Ethics in Government |
| ✓ Big Data Analytics & Datafication | ✓ Customer and Market |

You could start and finish the course at any time you like. Indicative duration: 30 days, not full time. After the successful completion of the five module groups, you will get a **certificate on “Basics of Digital Government Transformation”** issued by the [Erasmus+ Government 3.0 Consortium](#). It is equivalent to 2 European Credit Transfer and Accumulation System (ECTS) credits and 5 Online Continuing Education Units (CEUs). There is, also, a free mode of Digital Government Transformation MOOC: You are free to enroll in any module you want. (There is no need to complete all the modules but this is not followed by certificate). Your feedback is highly appreciated. Please provide it by completing the [Evaluation of the Gov3.0 MOOC](#).
