

Danube University Krems

Danube University Krems specializes in part-time academic continuing education. As a public university for continuing education, it works with its expertise in teaching and research to overcome societal challenges and tailors its study programs to address them. The master programs and short programs cover nine fields of study and meet the specific requirements of working professionals. With 8,000 students coming from 85 countries, Danube University Krems combines its many years of experience in university-based continuing education with innovation to provide outstanding quality in research and teaching at an international level.
