The following fields must be completed by the responsible supervisor at the University for Continuing Education Krems!	
..... Responsible supervisor at the University for Continuing Education Krems	
..... Course / seminar / training cost center number
..... Participant at University for Continuing Education Krems Datum: from – to	

I agree to follow the current garage rules for the Campus West Garage P04 (latest version) and to act on any instructions right away. I've read the attached usage and info sheet and the privacy policy.

I also agree that the above data will be processed automatically for the purposes of proper parking space management. Data processing is limited exclusively to this purpose and to the data necessary for the performance of the services.

The availability of a parking space is a voluntary service provided by the University for Continuing Education Krems, which is initially free of charge.

Free entry is only possible with the registered license plate(s) and is only valid for the duration of the face-to-face teaching at the University for Continuing Education Krems.

There is no entitlement to a free parking space if the parking capacity of the University for Continuing Education Krems is exhausted. Any costs incurred must be paid by the user.

Entering or exiting the car park using the license plate number at the access terminal constitutes a short-term contract between the user and the car park operator. Any claims for damages must be addressed directly to the car park operator. The University for Continuing Education Krems is not responsible for any kind of damage. For more information, please refer to the garage regulations, usage and information sheet, and privacy policy.
